

RAISING SAINTS, FORMING SCHOLARS

Since 2008, Holy Child School has served as the only Catholic Classical school in New Mexico and the only Catholic school in the East Mountain community. The Lord has blessed our mission to form hearts and minds in the study of the good, the true, and the beautiful. **Enrollment has grown 30% in the past five years, and with the current 87 students, the school is bursting at the seams. For our parish school to accommodate more families who desire an authentic Catholic education for their children, the need for physical space is crucial.**

A NEW SCHOOL FACILITY WILL:

- Accommodate the increasing enrollment numbers
- Allow mixed grade classes to develop into single grade classes
- Provide a science room and space for the expanding Suzuki strings and Latin programs
- Free up space in Blessed Miguel Pro Hall for parish ministries/adult education

"HCCS not only gave me an edge in academics over other schools, but also built up a strong desire in me to do all things for the greater glory of God. As a college student, I now feel the benefits of Classical education more than ever. HCCS provided me with a strong foundation for my future and for growing in virtue."

-Jacob Figge, Class of 2013

WHY 'REBUILD MY CHURCH'?

St. Francis of Assisi lived in a time when the Church was facing a crisis of scandal and heresy. Our Lord spoke to Francis and commanded him to 'rebuild my church'. After building a chapel out of stone, Francis learned that our Lord was asking him to rebuild the Church, with a capital C, the spiritual Church.

The inspiration for the Rebuild My Church capital campaign comes from the vision that forming and educating a new generation of disciples will affect change in our families, our country, and the Church.

"After forty-seven years of teaching in three states, I can truly say that Holy Child Catholic School has been my best and most rewarding experience. I believe that the only real hope for our world is to form our children in TRUTH, beauty, and goodness. HCCS fulfills this mission and is bringing hope to a deceived world."
